

“When Is It EVER Going To Happen?” — Worksheet

Do you ever wonder “When is it EVER going to happen?” There’s something you want, something you’re trying to create, and you’re wondering, “How long will this take to manifest?” You feel painfully and hopelessly stuck in a holding pattern that just won’t break free.

In this episode, I’ll show you how to speed up the process!

3 Takeaways

- 1) When we have a spiritual injury, not only could we have a personal life where we can barely function ... but it can be nearly impossible to have success in our business
- 2) It’s never the situation that has you stuck ... it’s your *energy* that’s become stuck
- 3) There are two energies that can help us get UNstuck -- the energy of "aligning" and the energy of "allowing"

Biggest Mistake to Avoid

Opposing energies, where part of you wants one thing, and part of you keeps looking at what hasn't manifested yet.

Recommended action?

Settle yourself into the vibration of allowing ... that’s a vibration where negativity and pessimism and resistance can’t survive.
