

“The Arrogance of Ego” — Worksheet —

What happens if you find that ego has persuaded you into its arrogant thinking, and you want to turn things around so you can bring success TO you?

In this episode, we'll be talking about It's up to us whether we fall into the arrogance of ego, or reach for the higher frequencies.

3 Takeaways

1. Resistance is a hugely negative force that shows up whenever we try to move from a lower vibration to a higher vibration
2. It's the ego's resistance that's creating pain within us
3. There's no power at all in the arrogance of ego. The real power is when we're in vibrational alignment with a higher frequency ... this is when success comes TO us.

Biggest Mistake to Avoid

It's not up to us whether we learn ... but it IS up to us whether we learn in joy or pain. Our biggest mistake is staying in the pain when we could choose a better energy.

Recommended Action

Align with (and trust) the Universe. Because if we stop trusting, we begin to align with the arrogance of ego, instead.
