

“Discover What You Love Most”

Do you ever think about the difference between passions and purpose? Which one is more important at this time of your life? Which one does the Universe want to see you immersed in?

In this episode, we'll talk about how to get clarity on this, so that you can step into your hidden power.

3 Takeaways

- The ONE thing that gives you the most positive energy when you need it is working with your passions
- Your passions are a great way to further CLARIFY your true life's purpose
- Using the special “Honeycomb Worksheet” can help you chart the course to your passions

Biggest Mistake to Avoid

Ignoring the difference between beingness and doingness.

Exercise

Take some time to ponder the 11 questions given at the end of the podcast (I especially like this one: “What would you do with your life if you had no inhibitions, and were free from your Ego mind?”).
