## Why “Taking Action” Doesn’t Work

It’s a popular model these days with life and business coaches who want us to take action (and *extreme* life coaches who want us to take *massive* action). But if our energy and mindset aren’t straight, all the action in the world won’t matter.

In this episode, we’ll talk about how to cut the cords of lower frequencies, and the ego-thinking that wants us to take unnecessary and obsessive actions.

## 3 Takeaways

- If your actions aren’t working, the best way to pivot is to back up and align vibrationally *first*
- Your role isn’t to actualize success, but to *accept* and *receive* it
- Hoarding is a difficulty parting with something you hold dear because of a perceived need to keep it ... including the habit of negative thoughts that block manifestation

## Assignment:

- 1) Think of an area where you’ve wanted to see success, but it just isn’t coming
- 2) Write down a list of all the actions you’ve been taking recently
- 3) Then ask yourself: “Is Ego trying to manifest things a certain way, with certain expectations that are creating frustration and resentment?”
- 4) Make a list of all your frustration and resentments
- 5) Then look for the positives within the situation until the energy transforms

## Biggest Mistake to Avoid

When you’re busy taking *massive action*, you aren’t allowing a connection where you can *receive*
