

The Law of Prosperity

If your experience is that there's never enough and you're just barely surviving, or you struggle to break through to the next level of success ... there's only one reason. It's because you've been focusing on LACK and what's missing (or what's wrong).

If you've ever wondered "How can I turn this momentum around so that I can attract more abundance?" then this episode is for you!

3 Takeaways

- As we focus on scarcity, we're creating momentum that will attract more of what we don't want.
- The reality we're observing becomes our dominant vibration, and we create more of that. It's better to focus on what we *want* than what we *see*.
- When we change our thoughts, we change the momentum (and the struggle turns around).

Assignment:

- 1) Create 10 prosperity affirmations.
- 2) Then choose the best three that affirm prosperity is all around you. (Be sure it's an affirmation your ego can't argue with.)
- 3) Then make ONE of those affirmations your own personal prosperity mantra.

Ex: "Prosperity is filling and overflowing in my life. I'm attracting everything I need in beautiful abundance."
