## Discernment & Choice

Two of our soul's biggest lessons are discernment and choice. But these aren't just lessons that we came here to learn ... we came here to MASTER them.

We've wanted to integrate one simple truth: That ALL is already given, both good and bad, and when we can discern which is which, we have a choice in which one we'll go with.

If you're ready for a shift in perception, then this topic is just for you!

## 3 Takeaways

- There's a difference between judgment and discernment. Judgment takes on a punishing tone sometimes. Discernment is "the act of perceiving".
- Through discernment ... *through perceiving* ... we're able to make a solid choice
- Our choice of frequency (choosing positive energies) can change the course of our journey, just as choosing negative energy changes our journey

## Assignment:

1. Imagine a difficult relationship (past or present)
2. Identify what makes it difficult
3. Make two columns — negative emotions that you currently feel, and positive emotions you want to feel
4. If you could give a voice to each of the positive attributes one-by-one, what message would they have for you?
5. With this discernment, what choice can you now make about the relationship struggle?
