## Goddess on the Loose

It seems to be a natural law that we're always searching for balance, because imbalance doesn't feel so great. So why are male and female seen as separate and opposite instead of ONE balanced energy? Do we NEED these opposing energies of masculine and feminine? Without these opposing energies, would we just be *a goddess on the loose*?

If you've ever thought you might be a Goddess on the Loose ... with no sense of true direction and maybe even TOO strong in one energy or another, then this topic is just for you!

## 3 Takeaways

- The qualities of the Masculine and Feminine are not the sole possession of a particular gender
- The imbalance of masculine/feminine energy is the push/pull we feel within ourselves as we strive to become whole
- Combining these energies in a divine way allows *motion* (so we can get UNstuck)

## Assignment:

1. As you look at the qualities of the masculine side, consider that you might have one chronic energy that doesn't serve you, also consider its exact opposite within all the qualities of the feminine side. Could there be a complimentary energy that you'd like to bring to the forefront, and help balance you into wholeness?
2. Remember, we have a choice in how we want to direct our energies. Your choice of frequency can change the course of your journey.

## Biggest Mistake to Avoid
