## What Do You Believe In?

Do you speak the language of prosperity?

In speaking “prosperity”, we’re *directing* our thoughts about money and revenue so that we find ourselves in an endless stream.

Once we align with prosperity, and once we’re speaking the language of prosperity through our thoughts, we can access all the flow of money that’s available for us in the universe.

## 3 Takeaways

- Our thoughts don’t have to be about money *specifically*. ANY thought that’s grounded in anxiety, mistrust, apprehension or any negative vibration at all ... these negative vibrations will block the success we’re trying to create.
- Problems by nature are *swimming* in resistance. And resistance is infectious ... it infects every area of our life (including our prosperity).
- We have *patterns* around money, if we’ll look for them.

## Assignment:

1. Find a prosperity affirmation that you can believe in.
2. Imagine an area of life where you’d like to create more prosperity.
3. Imagine that you *already have* that prosperity. As you daydream, if a negative thought floats in, recite a prosperity affirmation (that you believe in!) until the negative thought floats away.
4. Practice this for 21 days until negative thoughts no longer creep in when you think about prosperity.

## Biggest Mistake to Avoid

Applying “money management” instead of “energy management” (because money management usually has a foundation of fear and lack within its principles).
