7 Signs You're Ready for a Spiritual Awakening

When I started becoming aware of my own spiritual awakening, on most days I sat on the edge of my bed with my head in my hands thinking, "I must be losing my mind."

In this week's episode, we're talking about symptoms of spiritual awakening and some practices to assist with this journey, so stay tuned!

3 Takeaways

- The elusive answers we're looking for aren't that elusive. If we'll center in a spiritual perspective, there they are.
- When we put attention on exploring our inner world, we can develop wisdom (when we put too much attention on connecting with others, we simply have information).
- Time isn't necessarily in front of us or behind us. When we go straight up, and connect with the higher frequencies, this is where life can move forward, and we can find the "more" we're meant for.

Assignment:

Review the 7 practices in this week's episode. Which one (s) can help you increase your capacity for spiritual awakening?

Did any of the 7 practices inspire you toward any additional practices that you'd like to incorporate for yourself?

Biggest Mistake to Avoid

Getting caught up in the obstacles. Just like in martial arts, we can USE the obstacles to overcome it.
