Dissolve the obstacles in your path and bring success TO YOU!

Finding Your Inner Voice

If you've ever experienced invalidation or spiritual injury, then chances are you've learned to squash what's important to you. Rehabilitating that inner voice could be the best gift you could ever give yourself.

So how can you get back to the real YOU ... back to an inner voice you can trust?

3 Takeaways

- Subconsciously we want to keep things at status quo. Our doubts, frustrations and other negative energies hold us there ... in stagnation.
- Our doubts and frustrations are simply our BEST self — the part of us that wants to grow and change — asking us to do something *differently*
- We can identify our 5 greatest strengths, and then ask each strength to give us its insight ... this is a way of voice dialoguing to help us uncover the right *question* that leads us to the right *answer*

Assignment:

1. Write down your current challenge
2. Identify your 5 greatest strengths
3. Dialogue with each of these strengths as if they're a member of your Board
4. Review what you've journaled, and narrow it down to a paragraph or so. This is you Inner Voice ... it holds pure genius!

Biggest Mistake to Avoid

Trying to solve the *challenge itself*. There's probably a core value that's been invalidated, and it's trying to bubble up to the surface so you can honor it again.
